THE GOLDEN SIDE.

There is many a rest in the road of life,
If we would only stop to take it;
And many a to e from the better land,
In the querulous heart would make it!
To the sunny soul that is full of hope,
And whose beatiful trust never faileth,
The grass is green and the flowers are bright,
Though the wintery storms prevaileth.

Better to hope though the clouds hang low,
And to keep the eyes still lifted;
For the sweet blue sky will soon peep through,
When the ominous clouds are rifted!
There was never a night without a day,
Or an evening without a morning;
And the darkest hour as the proverb goes,
Is the hour before the dawning.

There is many a gem in the path of life,
Which we pass in our idle pleasure,
That is richer far than the jeweled crown
Or the miser's hoarded treasure;
It may be the love of a little child,
Or a mother's prayers to heaven,
Or only a beggar's grateful thanks
For a cup of water given.

Better to weave in the web of life
A bright and a golden filling,
And to do God's will with a ready heart,
And hands that are swift and willing,
Than to snap the delicate, minute threads
Of our curious lives assunder,
And then blame Heaven for the tangled ends,
And sit and grieve and wonder.

NEW KENTUCKY SENATOR.—A correspondent of the Cincinnatti Commercial gives the following personal sketch of the new Kentucky Senator: "He is a rough old fellow, and always a little dirty in his personal appearance, bnt a cleverer man than Thos. C. McCreery does not live. He loves women; is a judge of the pure article of Bourbon, and goes to horse races. He keeps a fine stable of horses, and has a private track on his farm, where he amuses himself with running his stock, or having little scrub races with his neighbors. Ask him where the prettiest women are raised, the bravest men live, the finest horses bred, or the best Bourbon to be had, and he will strike his chest with his right hand, and answer with all the pride of a Logan, 'In Kentucky, sir, and nowhere else, sir.' He is a quiet, good-natured man, but insult him and he will fight in a minute."

A RUSH.—A correspondent of Sweetwater Mines, writing from South Pass City, states that recently nearly one-half of the population of that city left on a "stampede" to the Big Horn Mountains. The rush was caused by a Snake Indian displaying $450 in gold dust. A [illegible] of five head of horses and a sack of flour induced him to show the whites the place he obtained it from. The Indian said that four white men had worked the place—where he found the gold—some year or more ago; that the men were killed by Crow Indians, who burnt their cabin and their bodies in it. The spot is supposed to be about 100 miles distant from South Pass City.

A SALT SNOW STORM.—On the 30th of January last, a snow storm commenced near Pesth, which was accompanied by two meteors, which passed out of sight with a loud report. The following morning, when the cattle were driven to water they ate the snow with great avidity, and a farmer who tasted the snow found that it was quite salt. Large piles were immediately collected in every possible kind of vessel, and the result was a quarter of pure salt obtained from every half pound of water. This account, though vouched for as correct, should be received *cum grano salis*

RAISING CHRISTIANS.—The Frontier Index, published not a thousand miles from Salt Lake, says that when Brigham Young was amongst the Utes distributing annuity goods, last spring, he counseled the chief to have his Indians live like Christians, whereupon the Ute chief—Teucheguberts—replied: "I cannot raise Christians from Indian squaws, but if you will swap us one white squaw for two of ours, I promise to raise good Christians." The Index neglects to state what reply the muchly married Prophet made to this *naive* proposition.

An old California miner, named Simpson, professes to have discovered near the headwaters of Otter Creek, in the Wichita Mountains, about 70 or 80 miles north of Red River, and north of Wichita county 100 miles, mines that excel those of California in their primest days. "Blossoms of gold," "pockets," "miner's strats," etc, were discovered on the mountain tops and sides, and in the branches running into Otter Creek.

A TEST.—To ascertain whether your wife is jealous, lace up another lady's shoe, and let her catch you at it. If that don't make her turn cat, spit, and become round shouldered—nothing will.

CORRESPONDENCE.

Our friends everywhere, who may at any time have knowledge of facts of local importance—incidents, accidents, mining news, doings of public meetings, improvements, curiosities etc.—would confer a favor upon us and our readers generally by sending notice of the same to this office. Give us facts in any shape, and we will take care of them.

Who ever heard of a woman with pretty ankles and whole stocking complain of wet sidewalks or muddy crossings.

If a man is without enemies I would not give ten cents for his friends. The man who can please everybody has not got sense enough to displease anybody.

BY SEA.—There arrived at San Francisco, by sea, in January, February and March, of the present year, 12,715, and departed in same time, 5,123—increase, 7,592.

"A man who will maliciously set fire to a barn," said Mrs. Salty, "and burn up twenty cows, ought to be kicked to death by a jackass, and I'd like to do it."

A countryman who went to see the "White Fawn" in Boston, said it seemed to him that the curtain had been rung before the ballet girls had got wholly undressed

The birth of a son to the Crown Princess of Prussia increases the number of the Queen's grand children to twelve, viz: Princess Royal, five; Princess of Wales, three; Princess Alice of Hesse, three; Princess Helena, one.

"ARGENTA."—This is the name of the station on the Central Pacific R. R. from which is to be supplied the city of Virginia and the town of Carson, in the State of Nevada. The cars will soon be running from Sacramento to that point.

LARGE FAMILY AT A BIRTH.—A lady in St. Louis the other day was delivered of five children at one birth. The poor husband is as sane as could be expected, but the mother is somewhat perplexed as to how she is to nurse them all.

DISPOSITIONS.—When intoxicated, a Frenchman wants to dance; a German to sing; a Spaniard, to gamble; an Englishman, to eat; an Italian, to boast; a Russian, to be affectionate; an Irishman, to fight; and an American, to make a speech.

RATHER LATE.—A drunken fellow got out of his calculations and was dosing in the street, when the bells roused him by their ringing for fire, "Nine, ten, eleven, twelve thirteen, fourteen," cried he; "well, if this isn't later than I ever knew it."

SWEEDISH CUSTOM.—The old Sweedish custom of announcing each hour with a trumpet from the church steeple, and singing a song, to assure the people that no conflagration is to be observed, is still kept up at Upsala, and in all the ancient towns in Sweeden.

UMBRELLAS.—There is no need of buying umbrellas; they can easily be procured without; thusly: Take your stand in a doorway on a rainy day. As soon as you see a man with a nice umbrella, step out and say to him, "Sir, I beg your pardon, but you have my umbrella!" Nine times out of ten he will surrender it at once, for how does he know it was not you he stole it from?

TOLERANCE.—Condemn no man for not thinking as you think. Let every one enjoy the free liberty of thinking for himself. Let every man use his own judgment, since every man must give an account of himself to God. Abhor every approach, in any kind of degree, to the spirit of persecution. If you cannot persuade a man into the truth, never attempt to force him into it. If love will not compel him to come, leave him to God, the judge of all.

TO YOUNG LADIES.—Learn how to play on the pianner, but don't learn how to play on the gridiron.

Learn how to make some woosted work, but don't learn how to make your father a shurt.

Learn how to paint some violets blue, but don't learn how to twist a doughnut.

Learn how to sing the opera, but don't learn how to sing the ojus lulaby.

Learn how to make bead munny pusses, but don't learn how to dress bekuming.

Learn how to spend munny, but don't learn how to save a sixpence.

Learn how to sigh and look sorry, but don't learn how to be sad for others' woes.

Learn how to faint away, and fall judiciously, but don't learn how to stand plumb.

Learn how to ketch a feller, but don't learn how to hav a feller ketch you.

Follow these hints cluss, till you ketch a feller, and then ask the poor devil if he knows what thet him.

QUINCY, PLUMAS CO., CAL.
SATURDAY, APL. 18, 1868.

FOR PRESIDENT,
HENRY H. HAIGHT.
Subject to decision of the National Democratic Convention

THE BONDS! THE BONDS!!

Sink or Swim, Live or Die, Survive or Perish? is the question which is now agitating the minds of the people of Plumas County. The tocsin has been sounded, the people are aroused, and the excitement surpasses anything ever before seen in the county. The cause of all the tumult is the law passed by the Legislature, entitled "An Act authorizing the Board of Supervisors to take and subscribe to the Capital Stock of the Oroville and Virginia City Railroad Company." We refered to, and denounced the provisions of this Act in our last issue. Since that time a certified copy of the law has been received, a copy of the same appears in this paper, and we invite a careful perusal of it by all our readers so that they can judge of its merits or demerits for themselves. We have no hesitation in again pronouncing it the most outrageous and damnable specimen of special legislation ever enacted by any Legislature. That the people of Plumas county are willing to assume any reasonable burthen of taxation to aid in the building of a railroad over the Feather River route is a fact which cannot be denied. Our people feel and know that this is the only practicable route across the Sierras in Northern California. They know and realize the advantages which would accrue by the building of this road, hence, the opposition which is being manifested against this bill, is not against the company, the route or the road. They are not willing to be swindled; they do not desire to be forced to pay heavy taxes year after year and reap no benefits therefrom; they consider that their rights as citizens and property holders, should be recognized and guarded as well as those of any company or corporation; they demand that justice shall be done. As we have before stated, we believe that the amount required to be subscribed by this county, is too large, it is more than the county with her present resources can reasonably bear, but large as it is, we honestly believe that, were there any guaranters or requirements in the law that the road would or should be built by the Company within the next two, or even three years, but few of our citizens would be opposed to issuing the bonds. There is no guarantees or safeguards in the bill. Nothing is required to be done by the company. The county is compelled to issue bonds, pay the interest, and what does she receive in return? Every thing possible is done to guard the interests of the company and the bondholders, in fact, a portion of the tenure of office act has been incorporated into it for that purpose.

But it has become a law, obnoxious, damnable and outrageous as it is, *it is a law.* Now, the question arises, what can be done to protect the interests of the people? The obligations and duties imposed upon the Supervisors are positive and direct, and must be met by disorganization, so as to avoid individual responsibility, or by compliance with its provisions. A resort to the courts, can give no relief; all of the points in the case have heretofore been definitely settled by the Supreme Court. What, again we ask, is best to be done? The Board of Supervisors have so long, recklessly and unlawfully squandered the people's money, (in a small way, when compared with this) and have been indorsed therein by their party friends, they may look upon this as no great matter of importance after all. We presume, however, that the petitions in circulation will cause them to take a more serious view of the matter than would otherwise have been the case. We are well aware that they consider themselves too wise—in their own estimation—to take any notice of advice from any but their own clique of friends, but nevertheless, we will give our opinion as to what is best to be done in the case; we do not even ask them to accept, or pay any attention to it, nor do we believe they will. The Oroville and Virginia City Railroad Co., cannot well afford to lose the friendship and moral influence which exists and will be given by Plumas county to that enterprise. The power *under the law* is in their hands, and the first thing to be done is to ascertain *when* and to *what extent* they propose to exercise it. There is no need for bluster or bragadocio on the part of the people or the company—it will do no good, and may result in harm. Let the Board of Directors be consulted, ascertain whether they intend to force the county to subscribe for all the stock set forth in the Act, see if some compromise of the whole matter cannot be had, and some guarantee obtained from the company which will protect the county in the proper expenditure of whatever amount is donated or subscribed. We feel satisfied that the majority of the company will be satisfied with much less power than this bill confers upon it. We believe they will be willing to reduce the amount, which under this law, Plumas is compelled to subscribe. *We believe that a compromise can be effected which will be beneficial, both to the County and the Company.*

The Railroad Co. is composed of Plumas County men; old citizens, identified with us in our local interests, and deserving much credit for the energy with which, under the circumstances, they have so far managed the affairs of the company, and brought the route into such favorable notoriety, and we hope that this vexed question may be amicably settled. As to the course of our Representative and Senator in procuring the passage of *such* a bill, we leave it to our readers to form their own opinions. We shall not at this time refer to them, for the reason that we can not do justice to the subject. We are willing that they should have all the honors which will redound to them by their action in this matter. We are sorry, however, to see certain parties trying to make political capital out of this matter, others seem to use it for no other purpose than to gratify their personal spite, to such we will only say, *go slow*, or, like a boomerang, the weapon you are now using may recoil and injure the one who first handed it.

THE RAILROAD BOND ACT.

AN ACT Authorizing the Board of Supervisors of Plumas County to take an Us'b scribe to the Capital Stock of the Oroville and Virginia City Railroad Company, and to provide for the payment thereof.

THE PEOPLE of the State of California represented in the Senate and Assembly, do enact as follows:

SECTION 1.—The Board of Supervisors of Plumas County, California, are hereby directed to meet at the County Seat of said County, on the Second Monday in April, 1868, and then and there are authorized and directed to take and subscribe to the Capital Stock of the Oroville and Virginia City Railroad Company, the sum of Two Hundred and Thirty Thousand Dollars.

SEC. 2. Whenever, after the payment out of said fund of the annual interest of said Bonds, there shall be any money left in said Railroad Fund, No. One, it shall be the duty of the Treasurer of said county to advertise in a newspaper published in said county, for the space of four weeks, for sealed proposals for the surrender of any of said Bonds, and ten days after said notice shall have been published, as aforesaid, the said Treasurer shall open the said proposals, and shall redeem, so far as said fund on hand may be sufficient, the bonds offered to be surrendered at the lowest rates, provided said lowest rates do not exceed the par value of the Bonds.

SEC. 8. W. A. Bolinger and M. Tranor are hereby appointed Commissioners to procure and provide for said County of Plumas, blanks sufficient for the Bonds provided for in section three of this Act, and to have said blanks ready and prepared on or before said second Monday in April, 1868. Said Commissioners shall receive no pay for services performed under the provisions of this section, but shall receive from the said County of Plumas a sufficient sum to reimburse them for their expenses incurred by reason of the performance of their duties under this section.

SEC. 9. The said Oroville and Virginia City Railroad Company are hereby authorized to purchase from the Quincy and La Porte Wagon Road Company, the road running from Quincy to La Porte, and owned by the latter company and to hold the said road and franchise by the same tenure, and with the same rights that the said wagon road holds and have.

SEC. 10. The remaining One Hundred and Fifty Thousand dollars of the subscription provided for in this Act, shall be paid in the Bonds of said County of Plumas, to be issued as follows:—Whenever the Board of Directors of the Oroville and Virginia City Railroad Company shall levy an assessment upon the Stock of said Company, the Directors shall cause a notice thereof in writing to be served upon the Chairman of the Board of Supervisors of said county. Upon the receipt of such notice, the Chairman of said Board shall call a meeting of such Board within ten days, and the said Board shall at such meeting, cause to be issued and delivered to the said Railroad Company, Bonds of the said County of Plumas to an amount sufficient to pay the sum or assessment levied on the Stock of said Railroad Company. The Bonds so issued shall be in the same form, of the same denomination and bear the same interest, and be payable in the same kind of money as the Bonds provided for in section three and four of this Act, and shall be payable Twenty years after date, with interest also payable in gold coin, and annually, at the rate of ten per cent. per annum.

SEC. 11. Whenever the said County of Plumas shall have paid the whole of the said sum of One Hundred and Fifty Thousand dollars, as provided for in section ten of this Act, the said Company shall issue to the said County of Plumas, certificates of paid up Stock to that amount.

SEC. 12. To secure the payment of the principal and interest of the Bonds to be issued under the provisions of section ten of this Act, it shall be the duty of the Board of Supervisors of Plumas County, each year hereafter until said Bonds are paid, to levy a tax on the assessable property of said County sufficient to pay the annual interest on said Bonds and produce a yearly fund of not less than Eight Thousand dollars per annum for redemption purposes. And it shall further be their duty to set apart for the use of such fund, thirty per cent. of the revenue received from Foreign Miners' Licenses, and the sum so created shall be applied solely to the payment of the interest on, and the redemption of said Bonds, which fund shall be known as "Railroad Fund No. Two."

SEC. 13. Whenevver after the payment out of Railroad Fund No. Two of the annual interest on said Bonds, any money then remaining in said fund shall be applied to the redemption of said last mentioned Bonds in the manner provided in section seven of this Act for the redemption of the Bonds therein mentioned.

SEC. 14. If for any reason the Board of Supervisors of said County fail to meet on the second Monday of April, 1868, it shall then be their duty to meet on each succeeding Monday thereafter until all the acts provided to be done under the provisions of this Act on the second Monday of April, 1868, have been fully done and completed, and all their acts done in the premises subsequent to the said second Monday of April, 1868, shall be as valid as though done on said day.

SEC. 15. Any member of the said Board of Supervisors now in office or hereafter in office, and every county officer charged with duties under this Act, who shall wilfully fail, neglect or refuse to perform any duties imposed upon him by this Act or to do any act required to be done under this Act, shall be guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of Five Hundred dollars and shall be removed from office, and shall in addition thereto, be liable for all damages sustained by any party from his or their failure.

SEC. 16. This Act shall be in force from and after its passage.

IF.—If the Oroville and Virginia City Railroad Company are determined that Plumas county shall subscribe for, and issue all the bonds provided for in the Act, they have the law and the deicsions of the Supreme Court upon their side—they have the power, and *sooner or later*, if they choose, they can compel the county to issue them, hence, the proposition first advanced by certain interested parties to have the Supervisors resign and have a called election every two months would prove a rather expensive experiment and in the end would accomplish no good. It would be a good thing for certain parties we known. Let reason and sound judgment govern the action of our officers in this matter, and we venture the prediction that it can be satisfactorially and honorably settled, and the interests of the people of the county protected.

DEMOCRATS.—The Primary meeting for the election of delegates to the County Convention, will be held at the Court room this evening, at 8 o'clock.

LOCAL ITEMS.

NEW SNOW.—Four feet of new snow fell at Sawpit during the last storm.

DISMISSED.—The Supreme Court dismissed the case of O'Tool vs. Trucks, et. al. No one appearing for apellants.

DIVINE SERVICE.—Rev. Mr. McGrath will preach in the Court Room, on Sunday morning at 11 o'clock, and in the evening at 7.

LETTERS.—B. A. Anderson has petitioned the Probate Court for Letters of Administration upon the estate of F. Starkey, deceased.

A GOOD BIRTH.—Creed Haymond has been appointed one of the Tide Land Commissioners by Gov. Haight, the others are H. P. Coon and B. F. Washington.

PETITION.—A petition denouncing the Railroad Bond Law, and requesting the Supervisors to resign, or adopt some other measure to defeat the requirements of the law, has been in circulation during the past few days.

VERY GOOD.—Tommy Taylor and Johny Radley cleaned up three sluice boxes a few days since, and took out $127. Tommy says that if they only had a good head of water on their diggings, they would not take ten thousand dollars for their claims.

HARD TO DECIDE.—The question as to where the Depot will be located, seems to be a very difficult one for a number of our citizens to decide. Wonder if during their sleep, they do not imagine they hear the sharp, shrill shreak of the locomotive, coming up the grade.

PEACE.—"All quiet" at the Lebanon Quartz Mill at last accounts. The besieging forces have been withdrawn, the retreat was successfully conducted, and the commanding officer reports "no one killed, wounded or missing, and but one badly scared man in the crowd."

THE DIFFERENCE.—A short time since when there was twelve feet of snow at the Summit on the Central Pacific route, there was not a particle of snow in Sierra Valley within several miles of Beckwourth Pass; in fact, at that time, some of the farmers were at work making gardens.

COMPLIMENTARY.—In referring to the election of the Republican State Central Committee, the Spirit of the Times, says of the member from this county: "As for Buckbee, he is the Sheridan of the Mountains, and will cause Plumas to follow up her glorious record with a sweeping majority for Grant."

WHO KNOWS?—If the Board of Supervisors can be induced to resign for the purpose of defeating the provisions of the "tenure of office, swindle on the people" act, which our "Representative" is entitled to the honor of introducing, who knows but that it may prove a beneficial law to the tax payers of the county?

NARROW ESCAPE.—A few weeks since, a young lady in Sierra Valley, was thrown from a horse, her crinoline caught on the saddle and she was dragged a distance of over three hundred yards; the hoops finally gave away and let her fall to the ground. She was badly bruised, but fortunately no bones were broken and her injuries were not of a serious character.

"SUBSCRIBER."—You should have forwarded us your name, if you desired to see your letter in print. Your comments on the "Progressive Age," are doubtless good, but as you did not particularize, we are unable to see the "point" of your article. We are sorry to hear that some of your neighbors in Taylorville "have fallen from grace," and can only express the hope that their fall did not hurt them very seriously.

A GOOD JOKE.—Last year, several Democrats refused to vote for Goodwin for Assemblyman, for the reason that they considered the wagon road bill which was submitted to the people, a swindling operation and consequently voted for Buckbee. The "Railroad Bond Law" must be a very sweet morsel for them to swallow. They will no doubt relish the "little joke" highly; wonder if they don't want to vote for Buckbee again.

FATAL ACCIDENT.—On Tuesday last, a man named Jules Herrant, was instantly killed while at work in his mining claims on the North Fork, a short distance above Carriboo, by a tree falling upon him. He was tending the sluces while his partners in the claim were undermining a tree; as soon as the tree gave signs of falling, they notified Herrant, but unfortunately he was unable to get away in time and the tree fell upon him. He had a sluce fork in his hands at the time, the tines of which when he fell, pierced his head, inflicting a terrible wound. Deceased was a native of France, and had resided on the East Branch for a number of years. He was forty years of age.

NORTH FORK MINING ITEMS.—A new correspondent whom we hope to hear from often, sends us the following items from the North Fork, he writes under date of April 10th: Lind & Bush are averaging half an ounce per day to the hand; Hickman's claim is paying as largely as ever [which probably means an ounce per day]; Tom Orton is at work in his claims, he is getting good pay; Schaffer & Nisson are ground sluicing and getting good prospects; Wilson & Bowers are running a tunnel to strike the pay streak in their claims, they hope to get in, in a short time; Thompson, Reed & Co. are at work upon their ditch and calculate to have it ready and the water upon their claims during the present month; Preparations are being made to work the Morris river claims this summer, and the Jaw Bone river claims will also be worked; Pruitt & Feig are at piping; Davis, Mori & Co. have struck a chimney of rich quartz in their mining claims, and if the ledge should prove permanent they will have a good thing; Brewer & Co. are preparing to work their claims, which have never paid less than $4 per day when worked; Lamb's Saloon is in "ship shape" order again, and is in hopes of seeing lively times at Carriboo this summer.

RED ROCK.—This being the season for mining at Red Rock, the boys are all at work and making the best possible use of the water. Brewster & Co. are working some very rich ground.

DUTCH HILL.—The Dutch Hill Co. are washing their drift dirt the second time and making good wages; Loring & Cummings are making $3 to $4 per day to the hand; Ferguson & Waggoner have completed their ditch and will take out big pay as long as the water lasts.

BARKER HILL.—There are three companies at work on the hill; Bryan & Co., Bly & Co. and Mechlin. They cannot wash up the drift dirt on account of the "hard road to travel" with their carts. They are all taking out good pay grit.

Peck and Vanderpool are at work upon their gardens, which have heretofore proved to be about as valuable as any of the $4 per day mining claims. The Sweetwater "fever" has reached this vicinity, but one victim has been carried off, viz: Mr. Joseph Thompson, but it is feared that several more will follow him. The indications are good for a lively mining season here this summer.

TAXATION.—The State and County tax for the present year, provided the Railroad Bond tax of 60 cents is levied, will amount to $2 98 on the $100. Now the "chickens are coming home to roost." The tax for general county purposes which was increased to 50 cents for the express purpose of benefiting County officers and scrip owners, will strike home to the pockets of the tax payers. Had the Supervisors delayed levying the taxes until they knew what laws effecting the revenue were passed, they could have so regulated the taxes that, including the Bond tax, the whole amount would not exceed $2 50. The School law requires that 30 per cent of the Foreign Miners' tax shall be given to the School fund, consequently, the school tax could have been considerably reduced and yet have given us a large school fund. The Road tax, could and should have been reduced. But it is too late now, the act is accomplished. The voters should pay more attention to the election of Supervisors hereafter, and see that men of some little financial and business ability are elected. Let the people instead of petitioning the Supervisors to refuse to comply with laws, petition them to conduct the affairs of the county economically and honestly, petition them not to throw away the people's money to benefit party friends or to sustain party organs, petition them to closely examine all bills presented and allow only those which are legal and just, petition them to reduce rather than increase the salaries and fees of county officers, petition them to act as honest men instead of acting as the executive committee of a political party. The Railroad Bond Bill is a huge swindle, but the people of Plumas county have submitted to as outrageous swindling *on a small scale*, for the past three years and have made but little objection to it. The people will now commence to pay some attention to their interest and we hope that much good will grow out of the present excitement in regard to the subject of taxation. We shall refer to this subject in our next issue, and will also compare the taxes levied by other counties with that levied by the Supervisors of Plumas. Mr. Buckbee has a powerful load to pack, but in our opinion the Supervisors do not have a much lighter one to carry.

CAPITAL.—The S. F. Times, in speaking of the Oroville and Virginia R. R. Company, and of the Beckwourth Pass route, says: The natural advantages of this route are so great that there should be no difficulty in obtaining the requisite capital.

A TEST.—To ascertain whether your wife is jealous, lace up another lady's shoe, and let her catch you at it. If that don't make her turn cat, spit, and become round shouldered—nothing will.

If a man is without enemies I would not give ten cents for his friends. The man who can please everybody has not got sense enough to displease anybody.

Perry Davis' Vegetable Pain Killer

Derives much of its popularity from the simplicity attending its use, which gives it a peculiar value in a family. The various diseases which may be reached by it, and in their incipient stages eradicated, are among those which are peculiarly fatal if suffered to run; but the curative magic of this preparation, at once disarms them of their terrors. In all respects it suits the conditions of a popular medicine.

The "Biblical Recorder," in speaking of the Pain Killer, says:

"We believe the public generally have great confidence in this medicine. The numerous testimonials in its favor from well known clergymen and missionaries, are well calulated to convince any but the most skeptical. If there be any of our readers who still doubt touching the magic powers of Perry Davis' Pain Killer to relieve pain, we advise them to buy one bottle, and give it a trial. We never knew it to fail."

The Quincy Union.

A newly installed Justice of the Peace in Kansas married his first couple lately, on which occasion he closed the ceremony with the following words: "What I have this night joined together let no man but God Almighty put asunder."

Olive Logan tells of a suffering Southern woman who "had not eaten a bite for nearly four years, and who had not slept a wink since the first gun was fired on Sumter," who received $13 from some charitable ladies in New York, and immediately satisfied her terrible gnawings of hunger by the purchase of a point lace collar at Stewaat's.

A Tough Nose.—The Trespass says: A few days since Mr. John Downey, while practicing on a horizontal bar at Athletic Hall, got a fall, striking on his nose. He was quite severely injured, but is now all right. A subsequent examination of the floor where he struck showed the remarkable fact that the bridge of his nose made a *dent* in the flooring, and a piece of the bone of his nose was found in the indented planking. It was a mighty rough blow for that floor.

Three Important Things.—Three things to love—Courage, gentleness and affection.

Three things to admire—Intellectual power, dignity and gracefulness.

Three things to hate—Cruelty, arrogance and ingratitude.

Three things to delight in—Beauty, frankness and freedom.

Three things to wish for—Health, friends and cheerful spirit.

Three things to pray for—Faith, peace and purity of heart.

Three things to like—Cordiality, good humor and mirthfulness.

Three things to avoid—Idleness, loquacity and flippant jesting.

Three things to cultivate—Good books, good friends and good humor.

Three things to contend for—Honor, country and friends.

Three things to govern—Temper, tongue and conduct.

Three things to think about—Life, death and eternity.

FLORENCE SEWING MACHINE.

CLEAN SWEEP OF THE PREMIUMS IN 1867.

GOLD MEDAL AT AMERICAN INSTITUTE FAIR, NEW YORK:
GOLD MEDAL AT FAIR OF THE MECHANICS' ASSOCIATION OF LOWELL, MASS.;
GOLD MEDAL AT MARYLAND INSNSTISUTE FAIR, BALTIMORE;
FIRST PREEIUM AT NEW ENGLAND AG'L FAIR, PROVIDENCE.
AND AT THE NEW YORK STATE FAIR, BUFFALO.

THE FLORENCE WAS AWARDED

A Silver Medal at the Paris Exposition,

Silver Medals being the highest on Family Sewing Machines. The Gold Medals were awarded thus, One for Button-hole Machine, and the other to the original inventor of Sewing Machines.

Report of the Judges at the Great American Institute Fair, New York City, 1867.

The whole number of Sewing Machines on exhibition is thirteen; of these twelve are entered for competition. The article bearing the number 730 (the Florence Sewing Machine) is decided to be the best on exhibition. It must be also stated incidentally that this is better than any of its class known to the judges. [Note—The Board of Managers determined to elevate the standard of excellence in articles on exhibition by declining to give the first premium to any article unless it was pronounced by competent judges to be of great utility, and equal or superior to any like article known to them, whether on exhibition or not.] Its merits are;

First—Good material and thorough workmanship.
Second—More absolute novelty than marks the usual improvements in Sewing Machines.
Third—The ingenious arrangement for adjusting the thread, during the passage of the shuttle, and gathering up of it in the finish of the stitch.
Fourth—The Reversible Feed.
Fifth—The variety of work which can be done upon it.

We therefore decide that it receive the award of first class.

WM. PRATT,
IRA L. CADY,
L. J. KNOWLES.

The Committees on Family Sewing Machines

At the numerous Fairs held on the Pacific coast in the last four years, have unanimously decided in favor of the Florence, this machine having taken every First Premium since the Agency has been established in California. Among the gentlemen who served as Judges we mention Messrs. Thomas Hansbrow, George Schmelser, Samuel Blair, S. N. Andrews, Thomas C. McHale, A. F. Hitchcock and S. O. Brigham—men well known as being among the first and best mechanics in the state—establishing beyond question the superiority of the

Florence as a Family Sewing Machine.

Perry Davis' Vegetable Pain Killer

Derives much of its popularity from the simplicity attending its use, which gives it a peculiar value in a family. The various diseases which may be reached by it, and in their incipient stages eradicated, are among those which are peculiarly fatal if suffered to run; but the curative magic of this preparation, at once disarms them of their terrors. In all respects it fulfills the conditions of a popular medicine.

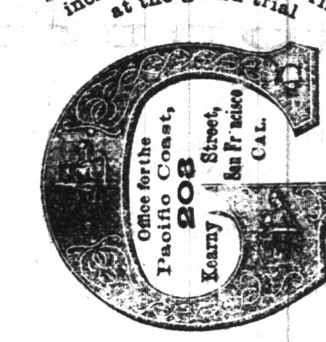

The "Biblical Recorder," in speaking of the Pain Killer, says:

"We believe the public generally have great confidence in this medicine. The numerous testimonials in its favor from well known clergymen and missionaries, are well calulated to convince any but the most skeptical. If there be any of our readers who still doubt touching the magic powers of Perry Davis' Pain Killer to relieve pain, we advise them to buy one bottle, and give it a trial. We never know it to fail."

THE WILLCOX & GIBBS SEWING MACHINES

Have taken over Two Hundred First Premiums within two seasons, including the Highest Prize at the grand trial

with the Florence at the great Union Fair, New York, at which trial the Florence was overwhelmingly defeated.

Judges Report.

For the Wilcox & Gibbs Machine, 'thirty five' distinct claims were made for its superiority, ALL of which were sustained. Whereas for the Florence machine but 'ten' were presented, 'two' of which were sustained. After a thorough and impartial trial, your Committee have decided to award to the Wilcox & Gibbs Machine the FIRST PREMIUM.

SYDNEY D. TUCKER,

JOSEPH WHEELOCK, Judges.

Cosmopolitan Hotel, San Francisco, August, 1867.

Agents Wilcox & Gibbs Sewing Machine:

I have used the Wilcox & Gibbs Sewing Machine for three years; have also used several other first class Machines, but think the Wilcox & Gibbs far superior to any of them. In the different barnches of our family we have five of these Machines which attest our appreciation of its extraordinary merits.

PRIVATE MEDICAL AID

Quick Cures & Moderate Charges.

DR. W. K. DOHERTY'S

Private Medical & Surgical Institute

Sacramento street, below Montgomery, opposite the Pacific Mail Steamship Co's office.
Private entrance on Leidesdorff street:
San Francisco.

Established expressly to afford the afflicted sound and scientific Medical aid, in the treatment and cure of all Private and Chronic Diseases, cases of secrecy, and all sexual disorders.

TO THE AFFLICTED.—Dr. W. K. Doherty returns his sincere thanks to his numerous patients for their patronage, and would take this opportunity to remind them that he continues to consult at his institute for the cure of chronic diseases of the Lungs, Liver, Kidneys, Digestive and Genito-Urinary Organs, and all private Diseases, viz: Syphilis in all its forms and stages, Seminal Weakness, and all the horrid consequences of self-abuse Gonorhoea, Gleet, Strictures, Nocturnal and Diurnal Emissions, Sexual Debility, Diseases of the back and loins, Inflammation of the Bladder and Kidneys, etc., and he hopes that his long experience and successful practice, will continue to insure him a share of public patronage. By his practice of many years in Europe and the United States, he is enabled to apply the most efficient and successful remedies against diseases of all kinds. He uses no mercury, charges moderate, treats his patients in a correct and honorable way, and has references of unquestionable veracity from men of known respectability and high standing in society. All parties consulting him by letter or otherwise will receive the best and gentlest treatment and implicit secrecy.

DR. DOHERTY would call attention to the following certificates, from two of his patients, who, having fully recovered their health, desire to make known their remedial agent. It will be seen their statements are fully authenticated by a Notary Public.

The welfare of society imperiously demand their publicity and they are given more to warn the unwary than to sound the praises of a Physician, of whom hundreds of like cases can be cited during a practice of more than fifteen years.

A Case of Gleet and Stricture:—

Dr. Doherty—Dear Sir: I feel my health so fully restored, that in common gratitude, I believe I should make some written acknowledgment for your valuable services—particularly so as your fee was small for the work performed. I arrived in this city from the East about one year ago, and was then suffering from an old case of Gleet, complicated with stricture. Being a stranger in this city, and believing those doctors who gave such positive assurances of success were necessarily the best (some of whom have a large number of titles,) I placed myself in their charge and continued under their treatment until I had lost nearly all hope and a considerable sum of money. I wish to say now that you are the sixth Doctor I have employed, and the only one that has ever done me any service. My Gleet is wholly cured, the stricture is all removed, and my general health is better than it has been for years. In conclusion I would say to the many unfortunates who require medical advice, if you have any doubt as to whom you may employ, ask Dr. Doherty for my address, and call and see me, (I keep store in this city.)—My experience may save you many dollars. I would also add that in the early stage of my disease, I used a large amount of the preparations advertised as an infallible cure for Gonorhoea, Gleet, etc., but never derived any benefit from them. I am, Doctor, very truly yours, L—— H——

San Francisco, June 16th, 1864.

Subscribed and sworn to before me, this 21st day of June, 1864. A. S. GOULD, Notary Public.

SEMINAL WEAKNESS.—A sworn to certificate of a most remarkable cure of Spermatorrhoea—A desire to benefit humanity, and a feeling of gratitude to Dr. W. K. Doherty, alone induces me to make this statement. For many years I have been afflicted with that fearful disease known as "Spermatorrhoea," or Seminal weakness, the result of self-abuse, but till 1855 experienced but little trouble or inconvenience in that year, however, I had Seminal weakness to a fearful extent, which was soon followed by the most alarming symptoms, as weakness of the back and limbs, pain in the head, dimness of vision, nervousness and general debility. My mind too, was afflicted to such an extent as to seriously impair my memory my ideas were confused and spirits depressed. I was averse to society, had evil forbodings and self-distrust and was entirely unfit for any of the duties of life. From 1855 to the summer of 1863, I employed the very best medical talent I could find, and spent several hundred dollars but in no instance obtained more than temporary relief. I had about concluded there was no relief for me in this world, but reading Dr. Doherty's advertisement I thought I should call and see him, as he charged nothing for consultation. I had an interview with Dr. Doherty, at his office in Sacramento street, and his fee for treatment was so reasonable, I determined to try him, though I did not expect much benefit from his treatment. On the 5th day of December last I placed myself under his care: in one week, I found myself very much improved, and now, after five weeks treatment, I feel myself thoroughly cured of all my troubles, and in the enjoyment of the best of health. Hoping that my experience may be of benefit to others similarly afflicted, I subscribe myself

JAMES JOHNSON.

Subscribed and sworn to before me, this 15th day of Jan, 1864. A G. RANDALL, Notary Public.

TO FEMALES.—When a female is in trouble or afflicted with disease, as weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, palpitation of the heart, irritability, nervousness, extreme urinary difficulties, derangement of digestive functions, general debility vaginitis, all diseases of the womb, hysteria, sterility, and all other diseases peculiar to females, she should go or write at once to the celebrated female doctor, W. K. Doherty, at his Medical Institute, and consult him about her troubles and disease. The Doctor is effecting more cures than any other Physician in the State of California. Let no false delicacy prevent you, but apply immediately and save yourself from painful suffering and premature death. All married ladies whose delicate health or other circumstances prevent an increase in their families, should write or call at Dr. W. K. Doherty's Medical Institute, and they will receive every possible relief and help. The Doctor's offices are so arranged that he can be consulted without fear of observation.

TO CORRESPONDENTS.—Patients residing in any part of the State, however distant, who may desire the opinion and advice of Dr. Doherty on their respective cases, and who think proper to submit a written statement of such in preference to holding a personal interview, are respectfully assured that their communications will be held most sacred. Dr. Doherty takes this opportunity of observing that all letters are only opened and replied to by himself, and the latter as promptly as possible. If the case be fully and candidly described, personal communication will be unnecessary, as instructions for diet, regimen, and the general treatment of the cases itself, (including the remedies) will be forwarded without delay, and in such a manner as to convey no idea of the purport of the letter or parcel so transmitted. Consultation—by letter or otherwise—Free. Permanent cure guaranteed or no pay. Address,

Opinions of the Press.

DR. DOHERTY is a skillful Physician and honorable gentleman; any statement he makes to his patients he is sure to fulfil. That fact is one great cause of his eminent success in his profession. It is fortunate that among the many advertising physicians there is one who can be depended on.—[Review.

DR. DOHERTY ranks as one of our most distinguished Physicians, and also one of the most successful, which is now the criterion by which the medical practitioner is judged.—[Echo.

DR. DOHERTY enjoys a more extensive practice than any practitioner in this State.—[Express.

DR. W. K. DOHERTY.—Persons going to San Francisco in search of medical aid, should by all means call on the above person at his Institute.—He is a gentleman of rare scholastic and scientific attainments, and is well worthy the extensive patronage he receives from all parts of the State.—[National. v5 no23-1y.

MEDICAL INSTITUTE!!

ESTABLISHED BY
DR. J. C. YOUNG, IN 1850.
536 Washington Street,
Below Montgomery,
SAN FRANCISCO.

Consultation by letter, or Otherwise, Free.

It would be equally useless and unnecessary to enumerate here the Diseases cured at the Institute. All classes of Complaints are treated; but I consider it my duty to mention those of a special nature as upon such the unfeeling and irresponsible quack dwells, with phrases well calculated to deceive those ignorant of the emptiness of his profession.

First among the special complaints is

SEMINAL WEAKNESS.

I am aware that by dwelling upon so uninviting a subject as the decay of manly vigor through the loss of the vital principle of life, the ignorant may asperse my motive; but the desire to point out to those who suffer languish and decay, the true cause of their affliction, is too great an incentive to be forced into abeyance. How extended the terrible disease of Seminal Weakness is no one but the practical specialist who devotes his time to its treatment can tell, but its presence can be detected by the most inexperienced by noting the following symptoms: Weakness of the back and limbs, languishing feelings, loss of muscular power; nervousness; irritability; cold feet and hands, accompanied by hot head; symptoms of consumption; short breath flushings of the face; aversion to society; confusion of the mind; loss of memory; nightly emissions; colorless, slight discharge upon the least excitement; trembling; palpitation of the heart; irregular appetite; variable temper, etc.

YOUNG MAN if you experience any of the various symptoms enumerated above, cause to consider. The present is the golden moment in which you may secure health and happiness. You may feel strong now, but if you have ever practiced the vice of self-abuse even in the slighest degree, you have the seeds of the weakness in your system, and their undermining influence will, sooner or later, dash the fair edifice of your strength to the ground leaving you a helpless abject being. It is not a disease that declares itself at once. Therein lies its great danger; for while the patient is being treated for some supposed affection of the Heart, Lungs, Brain, or Digestive Functions, he sinks into a general debility that soon adds him to the list of the victims of the terrible disorder, Seminal Weakness.

See in the bent form and languishing steps, the poor victim of the fascinating vice! Mark the course of the destructive complaint in the hollow cheek and dull eye!

Drowsiness is one of the premonitory symptoms. At first it is easily shaken off, but it grows eventually into a great disinclination to pursue his regular business. The mind becomes apprehensive, and restless nights succeed days of depression.

It is the nature of the complaint to assume sudden changes that leave the poor victim but little hope of recovery. In a single instant it may wither your fond hopes and blast your honest aspiration.

Marriage is sought by a natural impulse as a hope of relief. This is an error of the first magnitude, for the system unprepared for the exigencies of the occasion, suddenly fails, and he finds himself in a deplorable condition, from which there is but the slightest hopes of recovery. Or if the marriage should result in offspring, they are puny distorted, decrepit and degenerate.

AN UNSOLICITED

TESTIMONIAL OF CURE.

Let all who are afflicted with Seminal Weakness read the sworn-to-Certificate, first published without the Doctor's knowledge. A remarkable case.

[Revenue stamp.] This is to certify that I was afflicted with seminal Weakness to a degree that brought on severe fits. The trouble commenced about three years ago, when I first learned that the practice of self-abuse was ruining me. I first had nervous trembling of the limbs, pains in my back, and trouble in my mind, a confusion and loss of memory and other debilitating symptoms of seminal weakness. I gradually grew worse and worse until finally the Fits came on. At first I only had a momentary loss of mind a dizziness. This grew worse until in a short time, I would remain in a confused state—for some after I had them in my sleep I was satisfied that I must be cured or I would perish miserably in one of the attacks that now became as frequent as twice or three times a day seizing me without warning and prostrating me to the earth where I would remain for an hour insensible. I lost all recollections of persons and things. I could remember nothing [illegible] but my great sufferings. I swallowed box after box of patent [illegible] me good. In despair [illegible] well I prayed for death. But I was not to die, for help was at hand. My friends visited the *Dr. J. C. Young Institute* and I was placed under the care of Dr. Benj. F. Josselyn. I very soon experienced a change. I grew better and better. I could go to work. My mind became clear. The Fits grew lighter. I was soon perfectly free from them and now for over two months I have not experienced them at all. All the symptoms of seminal weakness are gone, and I feel as well as I ever did. It is to DR. BENJ F. JOSSELYN that, under God, I owe my life; and from the gratitude I owe him, I give this, *my testimony* of his skill and success. If this should induce any one unfortunately afflicted with seminal Weakness to submit their case to him, I shall feel that I have in part at least paid the great debt I owe. BENJAMIN BROWN. [Seal.]

[Revenue stamp.] Subscribed and sworn to before me this 1st day of December, 1864.

[Notarial seal.] W. O. ANDREWS, Notary Public.

IMPORTANT TO PERSONS

afflicted with Venereal: There are no maladies worse than those arising from the contamination of venereal poison. None are more terrible in their effects, or more disastrous in their results. After upwards of twenty years' practice in diseases of a private nature—fifteen of which have been in this city—I unhesitatingly declare that *Mercury* will not cure *Venereal, but dries it on the surface, to allow it to poison the blood* to re-appear in hideous marks upon the body, and in the throat, mouth and nose. Those who have had any form of Venereal and were treated with Mercury were not cured, but they still have the festering virus lingering in the system and feeding upon the delicate tissues to be communicated to the wife or transmitted to the children. As terrible as it is in the person who contracts it, it becomes of still greater importance when transmitted to innocent offspring, whose sore heads, cankered mouths, diseased limbs, running eyes and blotched skin are the constant reproaches to the sins of the parent. Be warned in time and secure health by applying at the Dr. J. C. Young Institute.

The Doctor effects a cure in recent cases in a few days, and finds no difficulty in curing those of long duration, without submitting the patient to such treatment as will draw upon him the slightest suspicion, or oblige him to neglect his business, whether in doors or without. The diet need not be changed. Cure always guarantied or no pay required.

Only purely vegetable remedies used.

IMPORTANT TO FEMALES.

When a female is in trouble or afflicted with disease, and requires medical or surgical assistance the inquiry should be, Where is there a physician who is fully competent to administer relief, and whose respectable standing in society Will recomend him to the confidence of the community? The Doctor understanding how imperatively necessary these requirements are, feels called upon to interpose, and by calling the attention of the afflicted to the fact that he has been a Professor of Obstetrics and Female Diseases for twenty years, and is fully qualified to administer in all cases, both medically and surgically, not in a superficial manner but in as thorough a manner as years of study and practice—both in hospitals and private families—can make, to save them from the hands of the unqualified, unscrupulous and designing. Therefore families can rely upon him as upon a father. All in affliction can find in him one who can feel and sympathise with and befriend them in trouble—one in whose secrecy the utmost confidence can be placed—consultation by letter, or otherwise free. See address below.

The celebrated female remedies compounded from the private prescription of Dr. YOUNG, have now obtained a most extensive popularity, and are correctly viewed to be the safest and surest remedies for the complaints for which they are applied. The constantly accruing testimony of efficacy declare them to be pre eminently superior in their action.

No lady should be without these renovating agents.

To Corespondents:

Persons in the interior are often deterred from consulting the Doctor because they cannot spare the time or incur the expense of a visit to the city. To such he would say that a plain statement of the symptoms and information bearing upon the complaint will enable him to prescribe for them so that they can be cured at home. None need have any false delicacy about writing, no matter what the nature of their complaint, as the communication will be seen only by the Doctor, and will be treated with the utmost confidence, and either be returned or destroyed. Consultation free!—Address thus—

Dr. Perrault has pleasure to inform patients and others seeking confidential medical advice, that he can be consulted daily at his office, Armory Hall Building, North-East corner Montgomery or Sacramento streets.

Dr. Perrault's studies have been almost exclusively devoted to the cure of the various forms of Nervous and Physical Debility, the results of injurious habits acquired in youth, which usually terminate in impotence and sterility, and permanently induce all the concomitants of old age. Where a secret infirmity exists involving the happiness of a life and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, etc., have their sources in causes, the germ of which is planted in early life, and the bitter fruit tasted long afterward; patients laboring under this complaint, will complain of one or more of the following symptoms: Nocturnal Emissions, Pains in the Back and Head, Weakness of Memory and Sight, Discharge from the Urethra on going to stool or making water, the Intellectual faculties are weakened, Loss of Memory ensues, Ideas are clouded, and there is a disinclination to attend to business or even to reading writing, or the society of friends, etc. The patient will complain of Dizziness, Vertigo, and that Sight and Hearing are weakened, and sleep disturbed by dreams, melancholy, sighing, palpitation, faintings, coughs and slow fever, while some have external rheumatic pain, and numbness of the body. Some of the most common symptoms are pimples in the face, and achings in different parts of the body. Patients suffering from this disease, should apply immediately to Dr. Perrault, either in person or by letter, as he will guarantee a cure of Seminal Emmissions and Impotence in six to eight weeks.

Patients suffering from venereal diseases in any stage, Gonorrhoea, Gleet, Strictures, Bubo Ulcers, Cutaneous Eruptions, etc., will be treated successfully. All Syphilitic and mercurial taints entirely removed from the system.

Dr. Perrault's diplomas are in his office, where patients can see for themselves that they are under the care of a regularly educated practitioner. The best refferences given if required.

Patients suffering under chronic diseases, can call and examine for themselves. We invite investigation; claim not to know everything, nor to cure everybody, but we do claim that in all cases taken under treatment we fulfill our promises. We particularly request those who have tried this boasted doctor and that advertised physician, till worn out and discouraged, to call upon us.

Female Monthly Pills.

DR. PERRAULT is the only agent in California for Dr. Biot's Female Monthly Pills. Persons at a distance can be cured at home, by addressing a letter to Dr. Perrault, corner of Sacramento and Montgomery streets, Rooms 10 and 11, or Box 973, P. O. San Francisco, stating the case as minutely as possible, general habits of living, occupation, etc. etc.
